Big Game Camps
Sri Lanka

The pinnacle of wildlife safari experiences awaits you at private and exclusive wilderness locations on the boundaries of Sri Lanka’s top national parks – Yala, Udawalawe, and Wilpattu.
Living Experience in the Wild
LIVING EXPERIENCE IN THE WILD

We at Big Game Safaris Sri Lanka are true believers in providing thrilling wildlife experiences for each of our guests. At the Yala, Udawalawe and Wilpattu National Parks, we provide comfortable accommodation in tented camps, for an enhanced nature experience. Our tents are fitted with a bedroom and an en suite bathroom. The beds are raised and fitted with comfortable mattresses. Pillows, bed linen, towels, a flashlight and an umbrella are also provided. In the evenings, sit by a toasty campfire while lighting is provided by copra torches and hurricane lamps. We have an experienced team to take care of your needs, as we provide personalised service to all our guests while paying great attention to every detail.
Dining Experience in the Wild..
DINING EXPERIENCE IN THE WILD

Big Game Safari Camps provides exciting dining experiences, with professional chefs providing star-class food from local and international cuisines. There is nothing quite like an outdoor dinner under the stars or in the canopy of a large tree, as the ambiance will take over your body and soul. Have a barbecue by the campfire or dine with the forest in the background – the choice is up to you, but we assure you that you will get more than just a meal.
Safari Experience...
SAFARI EXPERIENCE

While Big Game Safari Camp offers you the freedom to arrange your own safari tours, we highly recommend booking it with us, as we can ensure that the safari experience is up to the high standard you expect. We have three safari packages available for you to select. For an additional fee, we can even include an expert naturalist guide on availability.
Big Game Camp Yala is located close to the boundary of the park, a mere 20 minute drive to the entrance. If you are up until late night, hearing the trumpet of an elephant or an alarm call of a deer that has spotted a leopard is not unusual. Night-time wilderness walks can be arranged on request.
YALA NATIONAL PARK

The Yala National Park is Sri Lanka’s most popular wildlife destination. It having the world’s highest concentration of Leopards in the wild contributes to this popularity. Photographers and wildlife observers can have a field day in Yala, as this majestic and endangered animal is spotted frequently within the park’s borders. The park is also home to Elephants, Sloth Bears, and a wide variety of birds, reptiles, and amphibians.
We are located within a 30-minute drive to the park entrance and just 200m away from its boundaries. The campsite, located in a semi-wilderness area overlooking a small lake, is frequently visited by wild elephants.
The Udawalawe National Park is the only national park in Sri Lanka where viewing a Sri Lankan Elephant is guaranteed on every visit. This is due to the high concentration of wild elephants in the area, who thrive on the environment and the nourishment provided to the environment by the Udawalawe Reservoir. The park provides some spectacular bird watching opportunities, as well as magnificent scenery all around.
Big Game Camp Wilpattu is located in a perfect wilderness location bordering a picturesque lake. Due to our advantageous positioning, there are many species such as Slender Loris and Chevrotain that have found refuge in our camp.
The Wilpattu National Park is the oldest and largest national park in Sri Lanka. Its popularity arose due to the high concentration of Sri Lankan Leopards within its borders, and it is still regarded as one of the best places to view a leopard in its natural habitat. Wilpattu is also home to a wide range of other wildlife, including Sri Lankan Elephants, the elusive Sri Lankan Sloth Bear, as well as a plethora of bird life.
